

Ohio Association of Foodbanks

Our mission is to assist Ohio's 12 Feeding America foodbanks in providing food and other resources to people in need and to pursue areas of common interest for the benefit of people in need.

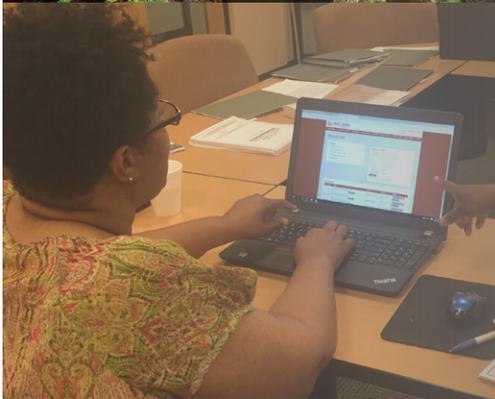

Ohio Food Program and Agricultural Clearance Program (OFPACP)

OFPACP provides fresh, Ohio-grown produce and protein-packed, shelf-stable foods to Ohio's 12 Feeding America foodbanks.

In state fiscal year 2016, we distributed more than 52.7 million pounds, or more than 43.9 million meals, of nutritious food through OFPACP.

The food provided through OFPACP represents some of the most wholesome food available through Ohio's emergency food assistance network.

The Ohio Benefit Bank™ (OBB)

We proudly serve as the home of the OBB™, an innovative online service that connects Ohioans in need with work support programs like health coverage, food assistance, and tax credits.

Since its inception in 2006, the OBB has connected over 925,000 Ohioans with more than \$1.73 billion in tax credits and potential benefits, infusing federal dollars into local economies in partnership with about 1,000 community and faith-based organizations.

National Service

We operate one of Ohio's largest AmeriCorps VISTA programs, including 28 full-time AmeriCorps VISTA members serving at organizations throughout the state of Ohio. We sponsor AmeriCorps VISTA Summer Associates each summer throughout Ohio to strengthen Ohio's Summer Food Service Programs.

Since 2006, our AmeriCorps VISTA members have: secured more than \$3.17 million in cash and in-kind donations; recruited 37,569 community volunteers who have spent 333,206 hours in volunteer service; and conducted 8,773 outreach events and presentations.

Child and Senior Nutrition

For more than 25 years, we have advocated for equitable public policy at the state and federal levels to decrease hunger in Ohio, especially among children and seniors who are often most at risk.

We work with local, regional, and national partners to inform policymakers, media, and other stakeholders about the issues facing Ohio's families.
